Our newsletter will give you some of our best tips and opportunities to prepare for U.S. study.

Former FLEX student starts her freshman year at Sewanee

My name is Csenge Nagy, I am a 19 year old student currently finishing my senior year at ELTE Apáczai Csere János Gyakorló Gimnázium. From August, I will be a proud member of the Sewanee student community in Tennessee, USA - I am

What makes this extra special for me is that I have been awarded the **Klein Family Scholarship** which will cover my tuition and rooming on campus for the next 4 years. I can't wait to meet my new classmates and my professors!

I was a Future Leaders Exchange Program finalist and spent my exchange year in Maine in 2021/2022. During this amazing year, I gained lots of great experience that made me want to continue this adventure and apply to Sewanee. The most challenging part of this journey was going through the Common App process; I strongly encourage all of you who want to seek higher education in the States to get informed about every step in time, and reach out for any help available. Even if it seems impossible, there are always new opportunities and studying in the States is an achievable goal.

Sewanee opens its doors for incoming international students in the beginning of August, offering lots of fun activities and interesting programs, so stay tuned for further reports from the University of the South! :)
