SAINT JOSEPH'S UNIVERSITY NEW UNDERGRADUATE MERIT SCHOLARSHIPS

Saint Joseph's University is implementing test-optional undergraduate admission and merit scholarships, effective for fall 2014 applicants. Test-optional means that the University will not require applicants to submit a standardized test score (SAT/ACT) in order to be considered for admission and some merit scholarships, if they do not believe the scores are an accurate indicator of their academic ability and potential for future academic success. Proof of English proficiency will still be required from countries where English is not the official language.

Traditional merit scholarships range from \$2,500 to \$16,000 per year. Full-tuition or special interest scholarships may still require SAT or ACT submission.

UNIVERSITY OF NORTHERN IOWA CIEP TUITION SCHOLARSHIP

The University of Northern Iowa Culture & Intensive English Program (CIEP) is now accepting applications for the Spring 2014 CIEP Tuition Scholarship. This scholarship is available to prospective or currently enrolled CIEP students. The scholarship will cover a maximum of 100% tuition for two consecutive sessions. Applications are due October 15, 2013.

BLOOMFIELD COLLEGE UNDERGRADUATE & MASTER'S SCHOLARSHIPS

Founded in 1868, Bloomfield College is a private, four-year, coeducational college. Located in Bloomfield, New Jersey, a suburban community just 15 miles from New York City, the College attracts a geographically diverse student population. The 11-acre tree-lined campus is easily reached by train, bus, and car from New York City. Bloomfield College offers undergraduate programs in over 60 majors/concentrations, including, Business, Computer Science, Information Systems, Life Sciences, Social Sciences, Education, and more. There is also a graduate program in Accounting and ESL programs available.

Bloomfield College currently welcomes applications for the spring and fall 2014 semesters. We offer a variety of merit scholarships to select first year students who demonstrate exceptional academic achievement. For more information, please visit:

NORTHCENTRAL UNIVERSITY ADOPTS MODERNIZED VERSION OF THE OXFORD LEARNING MODEL

As one of the first graduate-focused online universities in the U.S., Northcentral University (NCU) has worked to make graduate education more accessible to students worldwide. They've gathered expert faculty from all over the world who have doctoral degrees, and pair one student with one of these faculty members in each course for a more personalized learning experience that students can apply to a career in their fields. Inspired by the Oxford Model of Instruction, this One-to-One Model at NCU uses technology to bring together motivated students and qualified faculty members to facilitate the transfer of knowledge. This technology includes a proprietary, web-based Learning Management System (LMS) for course delivery. Students can access the LMS from anywhere in the world, at any time of day, as long as they have an Internet connection. This LMS also allows students to interact with other students and faculty, and access learning tools such as the Course Room, where they submit weekly assignments, the NCU Research Library, and Writing Center.

NORTHERN STATE UNIVERSITY VIDEO RESOURCE: ACADEMIC PLANNING FOR INTERNATIONAL UNDERGRADUATES

northern State university
Be You. Be Us. Be Northern.

Northern State University recently developed a video resource for international students to help them with academic planning at the undergraduate level. The video explains the U.S. higher education system and offers details on what students should expect during their four-year program at a U.S. college or university. In addition, the video details the various campus resources that international students should look in order to be successful during their studies.

INTERNATIONAL STUDENT UNDERTAKES STUDY ABROAD WHILE ATTENDING NMC

Northwestern Michigan College is pleased to offer study abroad opportunities to its students. This year faculty and staff lead trips to Peru, Costa Rica, United Kingdom, and Brazil designed to help students gain a global perspective and enhance learning opportunities.

Elizabeth, an international student from Ghana, took advantage of the opportunity to study abroad in Brazil as part of the US-Brazil Connect program at NMC. She received a scholarship from NMC's Global Opportunities Fund to help with costs of her experience.

"It was amazing! I've decided to change my program of study after the trip because I loved the experience so much -- I now want to study international relations as well as pre-medicine."

As Northwestern Michigan College continues to invest time, talent and resources to developing international education, students will benefit from increased scholarship and study abroad opportunities.
