## THOMAS COLLEGE INTERNATIONAL UNDERGRADUATE AND MBA SCHOLARSHIPS

Thomas College's mission is to prepare students for success in their personal and professional lives, and for leadership and service in their communities. In addition, the Board of Trustees at Thomas College have voted to freeze tuition and fee rates for 2012-13 academic year. This, in addition to scholarships for all accepted international students, will help to keep a U.S. education affordable!

Renewable scholarships in the amount of \$5,000 to \$12,000 are awarded to full time international undergraduate students who meet all the requirements for admission to the College. Recipients of this scholarship must be full-time students that live in on-campus housing, participate in at least 2 organizations per year other than athletics, and maintain a minimum of a 2.50 cumulative grade point average.

All international applicants of the accelerated MBA program will also automatically be considered for the Thomas College international scholarship. In addition to the great financial benefits of completing an MBA in just one year, scholarship recipients will receive \$12,000 to help fund their postgraduate education.

## MIDDLE TENNESSEE STATE UNIVERSITY GRADUATE ASSISTANTSHIPS

Founded in 1911 as one of three state normal schools for teacher training, MTSU is now the oldest and largest public university in Middle Tennessee.

A limited number of graduate administrative assistantships, graduate teaching assistantships and graduate research assistantships are available. Graduate Assistantships provide a monthly stipend and a waiver for tuition. Out-of-state residents also receive a waiver for out-of-state fees.

Persons interested in applying for a graduate assistantship should also contact the individual department as additional application materials and references may be required. Some departments may also have specific deadlines for assistantship applications. Eligibility for an assistantship requires a student to be fully admitted into his/her desired program and have a current GPA, whether graduate or undergraduate, of 3.0 or higher.

## VISA PROCESSING FEES TO CHANGE ON APRIL 13, 2012

Effective April 13, 2012, the Department of State will adjust visa processing fees. The fees for most nonimmigrant visa applications and Border Crossing Cards will increase, while all immigrant visa processing fees will decrease.

The Department is required to recover, as far as possible, the cost of processing visas through the collection of application fees. For a number of reasons, the current fees no longer cover the actual cost of processing nonimmigrant visas. The nonimmigrant visa fee increase will support the addition and expansion of overseas facilities, as well as additional staffing required to meet increased visa demand.

## FOREIGN GRAD APPLICATIONS UP AGAIN

More graduate applications from outside the United States -- especially from China -- are pouring into U.S. universities, according to a new study by the Council of Graduate Schools.

Nathan Bell, the Council's director for research and policy analysis, said the 9 total percent total growth in applications indicates a continued interest in American graduate programs. This year marked the seventh year-over-year increase in applications.

"Nine percent growth is pretty amazing," he said. "For the last three years, it's been very, very strong."

Those numbers, which measure the number of applications submitted and not the number of prospective or accepted students, mirrored the overall trends from a year ago. This year's 9 percent growth rate is just off the 2011 rate of 11 percent, while the 18 percent growth in applications from Chinese students compares to 21 percent growth last year.
